

READY FOR THEIR PARK are Steve Carter, 9, and Chris Leward, 5, who attended groundbreaking Monday for Entradero Park, 27-acre facility, land for which was deeded to the city by the Dominguez Water Co. First five-acre stage of park will be completed this summer, including picnic areas, playgrounds, game courts, open play area, group activities area, parking.

Beginners' Bridge Half of Torrance Teachers Working in Summer School

A class in beginning bridge will be offered by the Torrance YWCA on Thursday afternoon from 1 to 3 p.m. starting July 11.

The instructor, Mrs. Bernice Bankman, is well-known in Southern California as a bridge instructor and has taught in the YWCA's in this area. The class is open to men and women and will be limited in size.

In addition child care for a limited number of children will be offered. For registration or additional information, call the Torrance YWCA, FA 0-2255.

A nominal fee and YWCA membership will be required.

Children's Films To Be Shown Free

Torrance Library, 1345 Post, will present two children's films Saturday. The film program will begin at 10:30 and last approximately 45 minutes. All are welcome.

The films are "Black Patch" and "Magic Fiddle."

The unusually large enrollment, as compared to past years, of students in the summer schools of the Torrance Unified School District has offered employment to about 50 percent of the Torrance teachers, thus making a record-breaking 394 teachers on duty for the six weeks summer session. The district was able to employ 72 more teachers than were on duty in the summer of 1962.

Employment of teachers during the summer is necessarily based upon the demand of their services through student enrollments, since the board of education desires to let the program pay for itself.

Cost of operating the summer school in Torrance is shouldered by the state of California through payments made to the district on average daily attendance of pupils.

In the 34 elementary schools, 258 teachers have been hired. The district was unable to employ only 14 of the elementary teachers who indicated a desire for a summer position. "Percentage-wise," stated Dr. Robert Morton, assistant superintendent, personnel, "we have been able to place 85 percent of those teachers who wished employment in the high school."

Some 136 teachers are also on duty in the high schools, where there were 20 more teachers available than were needed for the anticipated enrollment. The majority of these who were not employed were language arts and social studies teachers during the regular school year. "We would like to have hired all teachers desiring employment," stated Dr. Morton, "but there were just more applicants for these positions than there were classes."
